

201 HTAP

HIGH-TACK VINYL

FOR A BOND NOT EASILY BROKEN

Excellent BOND when applied to:

- MDO Board
- Sintra Board
- Coroplast
- Ice Arena Board
- HDPE
- Clean Metal
- Painted Metal
- Styrene
- Polypropylene
- Glass

Applications:

- Interior or exterior signage
- Point-of-purchase displays
- Photo related graphics
- Product I.D. labels
- Nameplates
- Decals

Concept® 201-HTAP is a 3.4 mil premium 5 yr. matte white flexible calendared vinyl that prints great with Solvent, Eco-Solvent, UV Curable and Latex inks. The clear high-tack permanent adhesive allows for an excellent bond on many surfaces and the 90# liner aids in helping the vinyl lay flat in a variety of ambient conditions.
