MOUNTING FILM HTAP-C0.5-HTAP/76#

HTAP-C0.5-HTAP/76# is a double-coated pressure sensitive .5 mil clear polyester film with the 200-4985 permanent high tack pressure sensitive adhesive on both sides of the polyester film. It is self wound on a 4.5 mil white 76# paper liner. The permanent HTAP adhesive is formulated for high tack to various substrates with aggressive bond to glass. This clear mounting film can be laminated by the cold laminating process without the addition of heat.

Applications This clear mounting film is designed to mount digital, screen and other printed images to glass or other surfaces for a permanent application. In all cases the print and substrate must be clean and free of dust, dirt and oil. Test your specific application before production.
