

Specialty Substrate Certificate

Supplier Name	General Formulations
Substrate Name	GF NFD-201QS-1913 3.4 mil White Flex Vinyl Perm
Thickness / Weight	234 um/0.009 mils 277 gsm/84#
Certification Date	10/26/2026
Certification Number	RI7500-26-7757

This substrate is hereby certified for HP Indigo digital press(es)
7500, 7000, 7K, 7600, 7800 & 7900

Front Side Only

In conjunction with Rochester Institute of Technology (RIT) - USA

R·I·T | Printing Applications Laboratory
SOLUTIONS FOR THE PRINTING AND IMAGING INDUSTRIES

For star ratings, please refer to the HP Indigo Media Solutions Locator
This substrate has been evaluated under the standard comprehensive testing procedure, in conjunction with HP Indigo R&D substrate certification criteria.

The certification provided herein applies to printing on HP Indigo Presses only. It does not apply to finishing processes.
Customers are advised to confirm suitability of substrates for use with their finishing equipment, and with the finishing equipment manufacturers.

Please note: By certifying your product this means you support its use on HP Indigo equipment and its uses, and that you will perform any due diligence necessary should complaints arise. Further, by receiving approval, you agree that if there are any manufacturing or product changes that may impact substrate performance you will have the product re-tested/re-certified, to eliminate the risk of issues in the field as a result. Certification is valid for 2 years, at which time if there are no changes to paper properties or production processes, the certification can be extended for another two years. After 4 years from the original certification date, a new certification is required.
